Summary

Business-minded professional pivoting into cybersecurity and compliance after 20+ years of entrepreneurship. Certified Scrum Product Owner (CSPO), currently completing a Cybersecurity & Compliance Internship and working toward CompTIA Security+ certification under mentor guidance. Hands-on experience with PCI compliance, small business networking, and risk management. Proven strengths in operations management, vendor coordination, and client communication, now applying these skills to IT risk, compliance frameworks, and managed service environments.

Professional Experience

FormSprint Health — Cybersecurity & Compliance Intern

June 2025 – Present | Louisville, KY

- Expanding knowledge of cybersecurity principles and compliance frameworks in preparation for SOC 2 audit readiness.
- Completing mentor-guided projects involving operating systems, databases, and programming languages in a security context.
- Building toward CompTIA Security+ certification to strengthen technical foundations.

Wild and Woolly Pilates — Owner & Teacher

2017 – 2025 | Louisville, KY

- Operated Pilates studio serving 30+ clients monthly, ensuring reliable, client-focused service delivery.
- Implemented PCI compliance measures to securely process client payments and protect sensitive data.

Elmore Levon Properties, LLC — Founder & CEO

2015 – 2021 | Louisville, KY

- Managed lease agreement, rent collection, and property maintenance for a commercial tenant.
- Ensured accurate financial recordkeeping and compliance with local regulations.

Wild and Woolly Video — Founder & CEO

1997 – 2015 | Louisville, KY

- Founded and scaled niche video store to \$600K annual revenue with 13 employees and 50,000+ customers.
- Directed marketing, promotions, and community engagement (radio, TV, events).
- Built and maintained in-store computer networking setup and software systems to support point-of-sale and inventory systems.

Digital Generation Systems — Audio Technician

1995 – 1997 | Louisville, KY

- Performed duplication and distribution of digitally transmitted radio commercials nationwide.

MasterMix — Production Engineer / Mastering Assistant

1993 – 1995 | Nashville, TN

- Executed digital editing, CD/cassette mastering, and engineering session prep for national recording artists.

Education

Indiana University Bloomington — B.A. General Studies, A.S. Audio Technology
